

A world map with a light gray background. The 25 member states of CERN are highlighted in a medium blue color. These include the United Kingdom, France, Germany, Italy, Switzerland, Austria, Belgium, Netherlands, Spain, Portugal, Greece, Turkey, Israel, India, Japan, South Korea, China, Russia, and several countries in Eastern Europe and Scandinavia. The rest of the world's landmasses are shown in a light gray color.

A día de hoxe o CERN conta con:
25 países membros • 600 universidades
12000 científicos • 80 nacionalidades
