The image sequence consists of 12 binary (black and white) frames arranged horizontally. Frame 1 shows a small black circular hole on a white background. Frame 2 shows a larger black circle. Frame 3 shows a black ring with a white center. Frame 4 shows a black ring with a white center, similar to frame 3. Frame 5 is mostly black with a small white speck near the top. Frame 6 is mostly black with a vertical white stripe in the center. Frame 7 shows a black ring with a white center. Frame 8 shows a black ring with a white center. Frame 9 shows a black ring with a white center. Frame 10 shows a black ring with a white center. Frame 11 shows a black ring with a white center. Frame 12 shows a black ring with a white center.
